The Spl. Agrl. Demonstrator, Moodabidri has requested that the Village Guides may be supplied with one spring balance each for weighing chemical fertilisers allotted for laying out demonstration and trial plots in the villages. Each Village Guide in this Community Project area is given an average of 20 to 25 bags of fertilisers for laying out trial plots. Small quantities have to be taken out for each plot and supplied to the ryots concerned. This involves correct weighment for issue to the ryots. As the Village Guides centres are mostly located in the interior parts where they cannot get the facilities for weighing manure in the absence of a weighing machine of their own, I recommend the proposal of the Spl. Agrl. Demonstrator and request sanction of an expenditure not exceeding Rs. (Rs/-) one hundred and fifty only for the purchase of 60 spring balances at Rs. 2-8-0 each for the use of 52 Village Guides in Spl. Agrl. Demonstration of this Community Project area. I have obtained quotations from the local market and the lowest rate for a spring balance in the local market is Rs. 2-8-0.

The expenditure may kindly be counted against the provision of Rs. 33,000/- for demonstration equipments in the Overall Programme.

In this connection, I invite kind attention to my report cited first above and submit that the expenditure now proposed may be sanctioned out from out of the balance of Rs. 14,674/- referred to therein for providing a conveyance to the Spl. Agrl. Demonstrators. As three more jeeps have arrived, there is no need to supply any more jeeps exclusively for Spl. Agrl. Demonstrators.
